3000 Coral Hills Drive, Coral Springs, FL 33065

BROWARD HEALTH CORAL SPRINGS is a 250-bed hospital located in the heart of Coral Springs offering a full continuum of care featuring a women's hospital, surgical institute, the Salah Foundation Children's Hospital, orthopedic care, specialized Children's ER and a specialty summer camp for children with diabetes, as well as a community education center with a full array of classes. Serving Broward County for more than 30 years, BHCS is a leader in addressing the community's needs while delivering patient-centered care.

SPECIALTY SERVICES AT A GLANCE

- **Bariatrics**

Our program utilizes a multi-disciplinary approach to bariatric care, providing patients with an extensive pre-operative clinical work-up, comprehensive pre- and post-operative education, nutritional and psychological counseling, long-term follow-up and support necessary for patients to achieve and sustain weight loss goals.

- **Cardiovascular Services**

We provide Diagnostic Cardiac Catheterizations, Percutaneous Coronary Intervention (PCI), care of STEMI (heart attack) patients, Pacemaker/ICD implants, Loop insertions, Tilt Table testing, Cardio versions, Echocardiography, Stress Test, Transesophageal Echocardiography (TEEs). Thrombolysis, Arterial and Venous mechanical Thrombectomy.

- **Colorectal Center**

The first hospital in Florida to achieve Joint Commission certification for minimally invasive colorectal surgery. Colon and rectal specialists are fully trained surgeons with board certification in the surgical and non-surgical treatment of benign and malignant colon and rectal conditions. We are committed to excellence and to providing cutting edge, innovative and improved surgical techniques with specialty treatments in prolapse hemorrhoids and colorectal cancer.

- **Community Education**

With a variety of health education programs for all generations, the community education center offers classes to help improve your fitness, promote relaxation or prepare you for childbirth and parenting.

- **Emergency Services**

Staffed by board-certified emergency medicine physicians, nurses and support staff, our 24-hour emergency department together with our Children's ER, offers a Fast Track program for adults/kids where they are treated in a separate waiting area with the goal of providing quality care with a quicker turn-around time.

- **Heartburn Center**

Heartburn is related to Gastro Esophageal Reflux Disease (GERD), also called Reflux Disease, which is progressive and can lead to more severe illnesses. GERD can progress from heartburn to more severe issues. Regular check-ups with your physician are critical to determining whether or not your symptoms require further diagnosis.

- **Imaging**

Offering diagnostic imaging with low dose solutions for adults & pediatric patients. Services include: upgraded digital diagnostic x-ray, 128 Slice CT scan, ultrasound, MRI, nuclear medicine with SPECT/CT, interventional guided procedures, PICC line placements, ultrasound with vascular, cardiac (echo), OB & general ultrasound procedures, advanced specialty scanning, ultrasound guided diagnostic, therapeutic procedures, and multiple EEG options (which include video monitoring on-site or in the privacy of your home).

- **Orthopedic Services**

Our comprehensive orthopedics and sports medicine program brings together a multidisciplinary team of physicians, surgeons, athletic trainers and physical therapists to provide individualized inpatient and outpatient care.

- **Outpatient Services**

A vast array of convenient same-day services are offered including surgeries, laboratory testing, x-rays, multi-slice CT scan, colonoscopy, MRI, ultrasound and more.

- **Pediatric Services – Salah Foundation Children's Hospital**

Established as a leader in pediatric care and an affiliate of the Salah Foundation Children's Hospital, services include a specialized pediatric emergency department, Camp Coral Kids - Broward's only medically supervised diabetic summer camp, a pediatric inpatient unit, and a pediatric intensive care unit.

- **Rehabilitative Services**

Treating both adults and children, rehabilitative services include physical, occupational and speech therapy, as well as treatment for sports-related injuries with flexible evening hours and same day appointments.

- **Senior Services**

Dedicated to helping seniors live life to the fullest through fitness, health education and community awareness, we offer a FREE membership program, the Senior Supper Club, where seniors are invited to monthly health lectures and receive meals at a discounted price.

- **Sleep Disorders Center**

Our center offers evaluation, diagnosis and treatment of sleep disorders for children and adults, as well as a home sleep study for patients 18 years of age and older without serious medical conditions.

- **Stroke Center**

Recognized as a certified Primary Stroke Center by The Joint Commission. It has received the American Heart Association/American Stroke Association's Get With The Guidelines® – Stroke Gold Plus Quality Achievement Award with Target: StrokeSM Honor Roll Elite Plus. The award recognizes the hospital's commitment to providing the most appropriate stroke treatment according to nationally recognized, research-based guidelines. When it comes to stroke care, timing is everything. Assessment and treatment of stroke begins in our Emergency Department. We use the latest and most innovative technology in diagnosis, treatment, and management of Acute Strokes. The Brain Attack Team (BAT) is available 24/7 and is comprised of emergency medicine physicians, neurologists, neurointerventionalist, neurosurgeons, interventional radiologists and stroke certified nursing staff.

- **Surgical Services**

Features eight operating suites in which more than 6,000 operations are performed each year. Surgical specialties include: bariatric surgery, cardiovascular, thoracic surgery, colorectal, general surgery, neurosurgery, OB/GYN, oral/maxillofacial, orthopedic, ENT, pediatric surgery, plastic surgery, podiatry, robotic surgery, hand surgery and urology. GI endoscopy procedures including colonoscopy, upper gastroscopy, ERCP and bronchoscopy procedures.

- **Women's Hospital**

Our Women's Hospital offers a full spectrum of services for women of all ages. It features a dedicated private entrance to labor and delivery for expectant moms, 12 private beautifully appointed labor/delivery suites, 24-hour on-site anesthesia, 3 cesarean section operating suites, 28 private mother/baby rooms and a new Level II Neonatal Intensive Care Unit (NICU) with all private rooms and 24-hour neonatologists.

For women's outpatient services, our Women's Center located across from our main campus offers digital mammography with advanced 3D capabilities, bone density testing, ultrasound and stereotactic breast biopsy procedures.

- **Wound Care Center**

Our medical professionals provide you with individualized treatment plans that include the most advanced wound care therapies available to radically speed the healing process for wounds caused by diabetes, circulatory problems and other conditions.
